BN30 - Slotted Bin Design

BN30-60-L-MM

Body: BN30 - Mild Steel - Powder Coated
Lid: 60 Series - Litter - Mild Steel
Size: 120 Litre or 240 Litre

BN30-60-R-MM

Body: BN30 - Mild Steel - Powder Coated
Lid: 60 Series - Recycle - Mild Steel
Size: 120 Litre or 240 Litre

Pictured on left -

BN30 slotted design body paired with the 60 series lid - powder coated in Safety Yellow and Signal Red to easily differentiate recyclable rubbish from general litter.

LITTER BIN & RECYCLE BIN lettering laser cut into the door and sides, complemented by the customer's council logo displayed on the sides.

BN30 - Slotted Bin Design

BN30-60-L-SM

Body: BN30 - Mild Steel - Powder Coated
Lid: 60 Series - Litter - Stainless Steel
Size: 120 Litre or 240 Litre

BN30-60-R-SM

Body: BN30 - Mild Steel - Powder Coated
Lid: 60 Series - Recycle - Stainless Steel
Size: 120 Litre or 240 Litre

Pictured on left -

BN30 bin surround slotted design body, finished in a rust-coloured powder coat, complete with the 60 series stainless steel curved lids for efficient litter and recycling separation.

LITTER BIN & RECYCLE BIN lettering have been laser cut into the door and sides to display correct rubbish location. Final touch was to laser cut the customer's logo into the sides.

BN30 - Slotted Bin Design

BN30-10-L-SM

Body: BN30 - Mild Steel - Powder Coated
Lid: 10 Series - Litter - Stainless Steel
Size: 120 Litre or 240 Litre

BN30-10-R-SM

Body: BN30 - Mild Steel - Powder Coated
Lid: 10 Series - Recycle - Stainless Steel
Size: 120 Litre or 240 Litre

Pictured on left -

BN30 slotted bin surround with the 10 series stainless steel litter and recycle lids. The BN30 is available with or without a cigarette disposal unit located in the door. Coloured backing plates in the door's laser cut lettering helps distinguish the correct bin.

BN30 - Slotted Bin Design

BN30-120-L-SM

Body: BN30 - Mild Steel - Powder Coated
Lid: 120 Series - Litter - Stainless Steel
Size: 120 Litre or 240 Litre

Pictured on left and above -
BN30 slotted bin surround with the 120 series stainless steel, double opening, litter lid. The BN30 is available with or without a cigarette disposal unit located in the door.

BN30-30-L-SS

Body: BN30 - Stainless Steel
Lid: 30 Series - Litter - Stainless Steel
Size: 120 Litre or 240 Litre

A coloured backing plate helps the council logo pop on this full stainless steel BN30.

BN40 – Square Bin Design

BN40-30-L-SM

Body: BN40 – Mild Steel – Powder Coated
Lid: 30 Series – Litter – Stainless Steel
Size: 120 Litre or 240 Litre

BN40-30-L-MM

Body: BN40 – Mild Steel – Powder Coated
